

I am writing in regards to the K-Love Radio ministry. I feel that the service they impart over the radio air waves is very encouraging to the local community. It helps keep me abreast of all the local activities and services being offered by the Not-For-Profit sector of my community. It is a great blessing to be able to listen to radio especially with my children with me and not have to worry about what crud is they are going to say. I do not have to be concerned with myself or my family hearing the pressures of mainstream society bearing down upon us telling us that sex, murder, lying, drugs, and rebellion of the government is not just acceptable but encouraged. K-Love is more than just a Radio Station it is an escape from the horrors of society that state if it feels good do it.
